2. Top Stick - A clear, double-sided, medical adhesive tape in strips, used to hold hairpieces to the scalp.

What to look for: pack of 50 1"x3" Top Stick double-sided tape

Correct Wrong Size Wrong Length

Available at Sally's Beauty Supply

3. Transpore - A latex-free, hypoallergenic, transparent and perforated plastic tape that offers strong adhesion.

What to look for: either single or double rolls in the First Aid section

Available at Walgreen's, CVS, Rite-Aid, Wal-Mart, Target or other drug stores

4. Joe's Sticky Stuff - An aggressive pressure-sensitive adhesive tape

Available in various sizes and lengths from Film Tools, Location Sound Corp., Trew Audio, and other expendable-servicing companies.

5. Ultralife Lithium-Ion 9V Batteries

What to look for: There are two different models; one in a cardboard retail packaging and one in bulk, individually wrapped foil bags. The 9Vs in the cardboard container have a silver bottom and are physically too large to fit in some of our equipment. They must have the plastic bottoms and come from the foil bags.

NOTE: All Energizer Lithium-Ion 9V batteries are also acceptable.

6. Energizer

AA Ultimate Lithium Batteries

What to look for: There are several types of lithium AAs from Energizer. The key word to look for is *Ultimate Lithium*. It is also most efficient to get them bulk in a small white box of 20. This way we don't have to open up a box every 4 batteries.
